20 Years of Dignity & Hope in the Face of Cancer

At The Max Foundation, we believe all people living with cancer deserve access to the best treatment, care, and support.

We decrease premature mortality from cancer by channeling humanitarian donations of life-saving oncology products to underserved populations in countries where those products are not locally available.

A Global Reach with a Lasting Impact

We get life-saving cancer medication to people who have no other way to access the treatment they need.

Since January 2017, we've delivered...

713,695

daily doses of life-saving cancer medication to...

12,629

patients in...

68

countries.
